

For Immediate Release

**U.S. DEPARTMENT OF VETERANS AFFAIRS AWARDS
INFORMATION RESOURCE MANAGEMENT AND INTEGRATED PROGRAM PLANNING
CONTRACT TO ICOR PARTNERS**

Arlington, Virginia, March 16th, 2009 – ICOR Partners LLC, a leading strategy, transformation, and business improvement consulting firm, announced today that it has been awarded a contract by the U.S. Department of Veterans Affairs (VA), Office for Enterprise Development (OED) to provide Information Resource Management and Integrated Program Planning support.

Under the contract, ICOR will continue to provide Cross Program Integration, Integrated Program Planning and Program Executive Office support to further the objective of transforming service to Veterans through sustaining and modernizing the VA information technology. As the lead contractor for the VA IT Integrated Program Plan (IPP), ICOR will continue developing the multi-year plan to architect, prioritize, sequence and govern the modernization of VA technology. In concert with VA administration and technology leadership, ICOR is leading the development of the IPP which integrates cost, schedule, and resource estimates with the high-level enterprise and technical architecture specifications for sustaining the VistA medical network and implementing the new technology platform, called Health_eVet.

“ICOR is proud to continue supporting VA’s drive to modernize the Medical Information Technology that plays a key role in enabling health care services to Veterans. We look forward to supporting the VA with our expertise in IT portfolio management, program management and advanced project controls, said Ronald Lambo, the ICOR Managing Director responsible for VA.
